

INTRODUCTION

This agreement has been written in consultation with children, parents, staff and governors at Escomb Primary School. It reflects the close partnership through which the school and its families work together to give children the best possible start to their education.

AIMS & VALUES

Our broad aim is to create a safe, caring and stimulating environment in which every child has the opportunity to reach the highest levels of achievement of which they are capable in all aspects of learning.

We believe everyone in our school community is entitled to respect from others and should feel welcome and safe at school.

Within school, staff, parents and children have certain rights and responsibilities to ensure that children can learn and teachers can teach effectively. This agreement sets out some of those rights and responsibilities.

Together we will:

- ◆ Work together to create a happy, safe and caring environment in which learning can take place with enjoyment
- ◆ Communicate positively together in ways which foster positive self-esteem, self confidence and mutual respect

If you are unhappy about any aspect of your child's education or experience at Escomb Primary School, please make an appointment to see the class teacher. The teacher will try to resolve the matter with you and explain how to take the matter further should you wish.
